

January 1<sup>st</sup>, 2016**RE: TORViC President announces Strategic Joint Venture with Aspen Information Systems, Inc.**

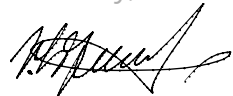

Today, we are very pleased to announce that TORViC Technologies, Inc. has entered into a strategic joint venture with Aspen Information Systems, Inc. Our Clients will benefit from new product initiatives, special discounts, expanded training and new service programs designed to help them become even more productive with the Visual ClubMate.™ solution, they know and trust.

At TORViC, we are extremely excited by the quality and technical innovation of the Visual ClubMate.™ solution – something our Clients already know as existing users of this award-winning eco-system. We will support and enhance the Visual ClubMate.™ solution, so that our Clients can continue to embrace the same quality and ease-of-use that they have come to expect.

TORViC promises to work with each and every Client, to make improvements to the Visual ClubMate.™ solution and establish an unparalleled future product-roadmap. In fact, we are already gathering Client feedback on how we can further improve our Visual ClubMate.™ solution, service and support.

We are very motivated about the prospects ahead, as we blend the considerable talents and technology of TORViC Technologies, Inc. and Aspen Information Systems, Inc. Our focus is on delivering “Software for Life” that maximizes our Clients’ return on technology investments. Ultimately, our success comes from helping our Clients succeed.

Sincerely,

Vic Cizmarik

President | TORViC Technologies, Inc.

**ABOUT: TORViC Technologies, Inc.**

TORViC Technologies, Inc. is a business competency center, whose staff specialize in delivering innovative and market leading capabilities, within the areas of SOLUTION DEVELOPMENT, BUSINESS CONSULTING, and SERVICES DELIVERY.

**ABOUT: Aspen Information Systems, Inc.**

Since 1995, Houston-based Aspen Information Systems, Inc. has been a single-source provider of comprehensive, reliable, Windows-based software for managing member-based clubs.

Our management team comprises people whose backgrounds consist of 75+ years of experience supporting corporate clients, clubs, spas, hotels, hospital-based fitness centers, recreation centers, rehabilitation/PT facilities, retirement centers, universities, churches, Jewish community centers, YMCA's, tennis and country clubs in all areas of technology, development, and support. Aspen has served clients all over the world.

Over the years our team has listened extensively to the needs of our customers - and developed from scratch a new software solution (Visual ClubMate™) using current technologies. Aspen Software ensures our clients an integrated solution that will exceed their current requirements and meet their future goals.
